Name of the Activity: Chart Making

Subject Name	: Data Communication & Computer Networks
Faculty Name	: Dr.Aruna Rao.S.L
Topic	: Data Communication
Date of Conduction	: 08/08/2019
Class / Year / Semester	: III- IT / 2019-20 / I Sem

Brief Write-up

Chart Making is an activity conducted in the classroom where the students were given task to prepare chart for mind map on Data Communication topic. After the topic was allotted to the student they can prepare a chart where they can draw the images, stick on to chart in a creative manner which can help them to read and learn the topic by designing a chart. After completion of the chart preparation students has to present the topic chosen by them with their peer.

Name of the Activity: Group Presentations

Subject Name	: Java Programming
Faculty Name	: S.Rama Devi
Topic	: Unit IV JSwing
Date of Conduction	: 30-03-2020
Class / Year / Semester	: III - EEE / 2019-20 / II Sem

Brief Write-up :

Presentations are a great way to have students practice all language systems areasThey also build confidence, and presenting is a skill that most people will need in the world of work. I find that students who are good presenters are better communicators all round, since they are able to structure and express their ideas clearly.This is because the students need to feel relatively confident about what they are doing before they stand up and do it in front of other people.

Total of 5 Teams are formed

Each team consists of 3 students from the entire class .

Topics covered by students are JFrame,JPanel,JButton,JLabel,JText

Name of the Activity : Poster Making

Subject Name	: Modern Software Engineering
Faculty Name	: A.Rajashekar Reddy
Topic	**:** Agile practices
Date of Conduction	**:** 06/02/2020
Class / Year / Semester	: IV- IT / 2019-20 / II Sem

Brief Write-up

The poster presentation activity aims at grouping of students to explore on a topic and design a poster on the given topic. The students are first divided into groups of 4 each and given a topic called Agile practices. In the subject MSE, Agile practices like collaborating, planning etc play a very important role in software development. 8 teams participated in the activity which took a 40-45 min time of the class. The students submitted their posters using their understanding and creativity. There has been a lot of team work with enthusiasm of participation by the students. This activity can achieve team efforts and application of knowledge and creativity.
